otherwise stipulated on signed rate confirmation. Carrier must provide time stamps from the facility on the signed bill of lading in order to be considered a valid request for review. These requests are not guaranteed and are subject to refusal from ITS National.

ALL receipts for additional accessorial charges must be submitted to ITS National within 48 hours of delivery. Failure to submit valid receipts to carriers@its4logistics.com within this time frame will omit ITS National from being held responsible to provide reimbursement of these services.

A rate reduction not to exceed \$500 may be applied if the motor carrier fails to communicate transportation delays and/or service failures as described above.

Motor carrier is aware of the specific pickup and delivery times of the load and acknowledges motor carrier is solely responsible for ensuring that it can safely transport the load within the requested time frame while complying with all HOS requirements as dictated by the DOT. If motor carrier cannot safely comply, it is the carrier's responsibility to not accept the load.

If carrier non-owed asset is utilized, carrier agrees to have this trailer repositioned within one hundred miles of origin within the time frame of the original transit time plus two additional days. Failure to comply without written approval from ITS can result in a reduction of linehaul up to \$50 per day.
