Per section 7 of Carrier's Broker/Carrier Agreement with Fastmore (hereafter "the Agreement"), this document shall constitute the parties' Rate Confirmation Agreement as to the load described herein and its terms and conditions shall constitute an amendment to and be incorporated into the Agreement and subject to all terms and conditions of the Agreement. The parties agree that the rates listed above shall constitute the Total Rate Fastmore shall pay Carrier for performing its services in compliance with the Agreement's terms and conditions, including the terms set forth herein. Fastmore shall owe no additional rates to Carrier unless Fastmore specifically agrees in writing to pay any additional rates. Carrier agrees that it must submit the signed BOL with its invoice as a condition for Fastmore payment of the total rates described herein. Carrier acknowledges its responsibility for all cargo and other damage resulting from an improper load securement.

Carrier also agrees to make at least one daily check call to Fastmore while the load is in transit in addition to regular load/empty check calls. If appointment dates and times for Carrier pickup and/or delivery are specified above, those pickups and deliveries shall be "scheduled" and time shall be of the essence regarding Carrier's services in meeting those schedules. If Carrier becomes aware of conditions which may delay any scheduled pickup and/or delivery, Carrier must notify Fastmore of those conditions as soon as Carrier becomes aware of them. If Carrier is over ½ hour late for any scheduled pickup and/or delivery without prior notification to and permission from Fastmore, Carrier acknowledges that Fastmore shall have the right to deduct up to thirty percent (30%) of the Total Rate due to Carrier on the load in issue in addition to other rights Fastmore may hold to withhold payment or recover damages from Carrier under the Agreement.

Carrier agrees that Fastmore shall be Carrier's exclusive contact point regarding any changes in pickup and/or delivery schedules. If Carrier contacts either the shipper or the consignee directly to change scheduled appointment times, Fastmore reserves the right to take deductions from the Total Rate set forth above in Fastmore's sole discretion. Carrier must report any cargo damage or shortage to Fastmore before Carrier's departure from the load's origin. If Carrier seeks to recover detention charges, Carrier must accept Electronic Tracking & report in and out times.

SMS and Text Message Consent

By providing the phone number(s) and accepting any shipments, the motor-carrier (the "Carrier") agrees to receive text messages from Fastmore Logistics, LLC ("Fastmore"). The Carrier warrants and represents that the Carrier:

- has the appropriate authority to agree to this consent to SMS/Text communications for any phone number provided;
- consents and understands that Fastmore, or any agent acting on Fastmore's behalf, may send text messages in various formats and content, including but not limited to details regarding the shipments, texts requesting the location of the shipment, and to retrieve any available meta data and responses to texts when the Carrier's driver is not driving.
- is solely responsible for any message and data charges associated with such text messages.
- understands that if the Carrier wants to discontinue text messages, the Carrier should text "STOP" to the ten-digit long code from which the text messages are being sent. Confirmation may be provided upon receipt. The Carrier may also opt-out by sending an email to compliance@fastmore.com.
- by completing this consent, the Carrier also agrees to any terms and conditions and any other applicable agreements related to the use of Fastmore's services.
- consents to receive text messages to any provided phone number so long as the Carrier receives shipments from Fastmore.

If the Carrier does not wish to receive text messages from Fastmore, the Carrier should **NOT** sign this rate confirmation or accept freight from Fastmore.
