ALL receipts for additional accessorial charges must be submitted to ITS National within 48 hours of delivery. Failure to submit valid receipts to carriers@its4logistics.com within this time frame will omit ITS National from being held responsible to provide reimbursement of these services. The following documents are required on all shipments to be submitted to carriers@its4logistics.com: signed bill of-lading (POD), signed rate confirmation, receipts for pre-approved accessorial charges. Should a shipper or consignee notify BROKER of a claim for loss or damage to property transported hereunder, CARRIER agrees that BROKER and shipper or consignee shall have the right to set-off an amount sufficient to cover such claim and to deduct and withhold such amount from any payments due to CARRIER. By accepting this load tender, motor carrier hereby commits that it shall, as soon as is safely practicable, advise of any transportation delays and/or service failures which may occur in the performance of the specific requirements contained herein. A rate reduction not to exceed \$500 may be applied if the motor carrier fails to communicate transportation delays and/or service failures as described above. Motor carrier is aware of the specific pickup and delivery times of the load and acknowledges motor carrier is solely responsible for ensuring that it can safely transport the load within the requested time frame while complying with all HOS requirements as dictated by the DOT. If motor carrier cannot safely comply, it is the carrier's responsibility to not accept the load. If carrier non-owed asset is utilized, carrier agrees to have this trailer re-positioned within one hundred miles of origin within the time frame of the original transit time plus two additional days. Failure to comply without written approval from ITS can result in a reduction of linehaul up to \$50 per day.
