Special Instructions

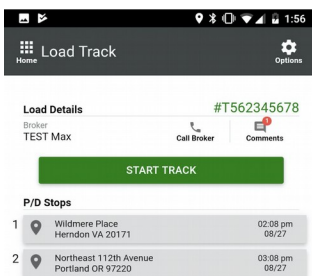

USD

We appreciate your partnership, please download our Trucker Tools Tracking App and mark yourself "Start Track" for automated call checks using the following link & Instructions Below: <https://apps.apple.com/us/app/trucker-tools/id362413088>

Trucker Tools Tracking is a mandatory requirement to haul load. Failure to download, register & show 'Tracking' will result in unpaid detention (if applies) and \$250 deduction.

To initiate track start by entering in a **load number** then a **driver's cell phone number**.

- ● Text will indicate whether driver **does / does not** have Trucker Tools App:
 - ○ "Driver doesn't have the Trucker Tools App." Driver will receive Two Text Messages.
 - 1) First text message will be to download the Trucker Tools App.
 - 2) Second text will be to Start Track.
 - ○ If a driver has Trucker Tools App, you will see "Driver's phone number is trusted, and has the Trucker Tools App." Driver will receive text redirecting them to App to "Start Track"
- ● For iPhone users, Tracking will commence immediately after clicking the link.
- ● For Android users, tracking will begin from Trucker Tools app, driver will select "Start Track." (See Below).

Frequently Asked Questions

Does CarrierLink cost anything to use?

CarrierLink is 100% free. You will not be charged for using CarrierLink.

How much data and battery does CarrierLink consume?

CarrierLink uses minimal battery and data; most people won't notice a difference in usage. In tests conducted for 8 hours, CarrierLink consumes about 1 MB of data and 5% of battery for both iOS and Android users.

How does CarrierLink tracking work?

Once permission is granted, the app uses a device's GPS location technology to obtain locations every 15 minutes, but only when you are assigned an active load. CarrierLink begins recording locations 4 hours prior to the scheduled pickup time and stops as soon as you have exited the designated delivery geofence.

Home Screen and Navigation

Loads will be assigned to you by the carrier, broker or customer. When assigned, a load will appear in the following screen:

CarrierLink Driver Checklist

To ensure successful tracking through CarrierLink, below are some key troubleshooting questions to ask your driver prior to contacting FourKites.

- ☐ Is CarrierLink downloaded and open on your phone?

- ☐ Are data, location, and notifications enabled and is your phone sufficiently charged?
 - iPhone Hints: To confirm data is turned on: Setting--> Cellular --> Cellular Data needs to be toggled to on (you'll see green)
 - iPhone Hints: To confirm location services is turned on: Setting--> Privacy --> Location Services needs to be toggled to on (you'll see green) and CarrierLink should be showing as "Always"
 - We recommend keeping your cellphone charged above 20% for optimal tracking
